You Will Need:

Cotton Wool

Printed Templates

Embroidery
Threads

Fuzzy Felt

Cotton Thread

Buttons

Thin Ribbon

Scissors

Sewing Needles
-Small and Medium

Sequins

Sewing
Scissors

Beads

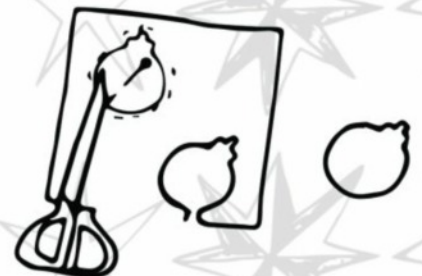

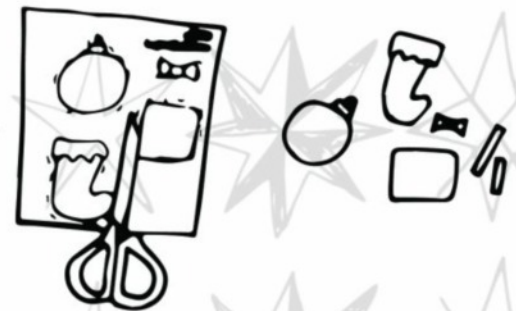

Pins

Step 1: Cut Out Templates

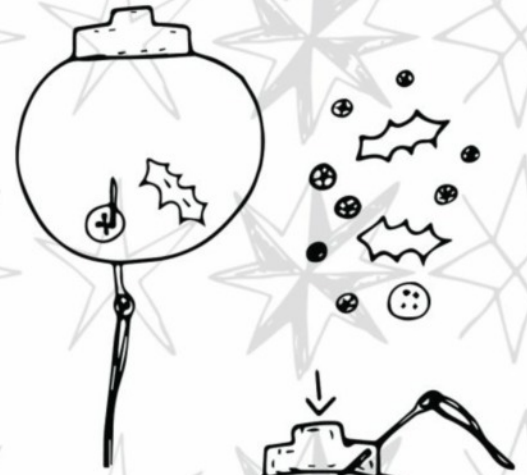

Cut out your template shape of choice e.g. the bauble shape.

Pin your paper template to the fuzzy felt and cut around the shape using the template as your guide. Then do this process again, so you have two.

Step 2: Decorate

Using the small sewing needle and cotton thread, decorate one side of the felt by sewing on buttons, sequins and cutting out more felt shapes to sew on of choice e.g. holly leaves.

Step 3: Sew The Sides

Pin the second cut out felt shape to the one you have now decorated.

Then using the medium sized needle and a few strands of the embroidery thread sew the two together along the outer edge.

*Make sure to leave a section un-sewn at the top for the stuffing.

Step 4: Stuffing

Stuff the tree decoration with cotton wool, and pull apart the cotton wool as you are stuffing so that it is more even and less bumpy.

Seal the top by sewing it with your needle and thread.

Step 5: Ribbon

Finally, flip over your decoration then using the cotton thread and small needle, sew on a small piece of ribbon to the top.

It is now ready to tie onto your tree!
